

State of Tennessee ³
County of Davidson ³

I人民 Ottawa of
of the County of Sumner and State of Tennessee
being first duly sworn do state upon oath
that I know of my own personal knowledge that
Henry C. Lyon of Brazos County Texas formerly of
Warren County Tennessee was a Soldier in the
Army of Texas in the year A.D 1836, in the Revolution
which separated Texas from Mexico. That said
Lyon joined the Artillery Company then commanded
by Lieutenant Benjamin McCulloch of which
Moreland was Captain but then absent, at which
Company I also was a Member in the month
of May or June A.D 1836. I believe that he
was in service prior to the month of April 1836
from the fact that he performed a long and tedious
March to Victoria where he joined the Artillery
Company, that he nursed the wounded at the
hospital in Victoria, and that he was honorably
discharged with me in the fall of that year.
That said Lyon ^{is about} fifty five years old and I
believe him to be justly entitled to Banay land
and a pension for services under the act of
the Texas Legislature granting pensions and
approved August 13th 1871, and that I have
already received my Certificate for Pension
Nashville January 16th 1871. D O'Hanis
